Dear Sir:

Official

GROUP 3600

In response to the Office Action dated April 24, 2003, please amend the above-captioned application as follows:

In the Claims:

Please amend Claim 1 as follows:

1. (amended) A computer-based system for inhibiting unauthorized recording of digitized music, comprising:

a cryptography module including logic executable by a provider computer, the logic including, for at least a segment of the music, obtaining an authorized digital signature, and then associating the authorized digital signature with the music, the authorized digital signature being
